Mrs. Smith celebrated the 70th anniversary of her birth by inviting a number of friends to dine with her on the 4th. Those present were Mesdames Louise Singleton, John Lee, Wickliffe Caldwell, M. H. Creighton, Fannie E. Carey, Ann Blankenship, Nancy Middleton, Tabitha Davidson. **NEW LAW AS TO NEWSPAPER SUBSCRIPTIONS.**—An order promulgated on December 4 denies to publishers the privilege of sending copies to subscribers as such after a specified term following the expiration of the subscription. Hereafter publishers of weekly newspapers can not carry subscribers in arrears for more than one year, semi-weekly more than nine months, tri-weeklies longer than six months, and dailies longer than three months. For each violation the publisher will be fined one cent for each four ounces. Since the average newspaper weighs four ounces or less, each paper sent to a subscriber in arrears for a longer period than indicated will cost the publisher one cent fine. Our subscribers will see now that we are compelled to do something of a cash business and they will please govern themselves accordingly.

When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Penny's Drug Store.

"Young man" said the editor solemnly as he glanced over the poem presented, and then at the high, pale brow of the author, "you have missed your calling. You ought to drop poetry and get a job as a gas man."

"Why do you say this?" demanded the poet haughtily.

"Because," replied the editor with conviction, "you can do such wonderful things with the metre."—Baltimore American.

**Simple Remedy for La grippe.** La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. G. L. Penny.

Little Girl—"Please, have you a sheep's head?"

Faetious Butcher—"No, my dear; only my own."

"It won't do. Mother wants one with brains in it."

An Atlanta special says: Benj. D. Greene and John F. Gaynor arrived at the Federal prison and were put through the examination given all prisoners. Their work in the prison has not been decided upon.

Samuel Fessenden, the man who coined the expression, "God Almighty hates a quitter," is dead at Stamford, Conn.

Employees of Cuban cigar factories are entertained by readers while at work.

## LANCASTER.

The new council entered on its duties the first of the week.

A sleight-of-hand show is billed to give a performance here Monday night.

M. D. Gulley and family have moved back to this place from Lexington and are now running the Mason Hotel.

The hardware firm of Mount & Elkin has dissolved, R. L. Elkin retiring. The business will continue under the name of J. R. Mount & Co.

The Methodists have been holding a revival here for several weeks. Rev. Dawson, of Mt. Sterling, is evangelist. There have been several accessions, much interest and good congregations.

Eld. F. M. Tinder, pastor of the Christian church, is preparing to organize a Normal Bible class and proposes to make it an unusually instructive and interesting course of scriptural study.

The examining trial of John Mason for killing Speed Nuckers in the Flat Woods section, was called here Wednesday but postponed until Saturday, as the Commonwealth was not ready with its witnesses.

The measles have been quite an epidemic in this locality and as many as 150 children were down at one time. The board of trustees seriously considered closing the graded school because of the slim attendance.

The ladies of the Lancaster W. C. T. U. have presented Former Marshal J. A. Beazley with a handsome clock in token of his efficient service in behalf of temperance during his recent term of office and his rigid enforcement of the law against the illicit handling and sale of all forms of intoxicants.

The friends of Hon. R. H. Tomlinson nominate him as delegate to the National Democratic Convention for the Eighth Congressional district. He has made many speeches here and elsewhere for the party and spent his means liberally in heated campaigns. He is a good organizer and an able lawyer. He represented Garrard county very acceptably in the Legislature for two terms and he was a delegate to the Chicago convention in 1896, when Bryan was nominated, it is believed it will be eminently appropriate to send him again, hoping that the final election will be won this year.

At the meeting of the new council Luther Herron was made chief of police, tax collector and superintendent of the water works, all at a salary of \$1,000 a year. L. L. Walker was made city attorney, W. B. Mason, clerk, D. A. Thomas treasurer and C. D. Walker treasurer for the sinking fund. Capt. Herron will make no appointment as deputy, as he feels confident of meeting the demands of the office without assistance. That the lawless element is more than ordinarily under subjection is shown by the fact that one man can fulfill the onerous duties of marshal along with those of tax collector and water works superintendent.

The Garrard County Christian Endeavor Union meets at the Christian church here Saturday morning at 10 o'clock. The exercises open with a song service followed by prayer. The welcome address will be delivered by a member of the local union and the response by Miss Georgia Dunn. "The Real Mission of Christian Endeavor" will be the subject of Mrs. F. P. Fribble's address, followed by Miss Addie Arnold in "Our Work for Christ in the Heart—in the World." Miss Nannie Rogers on "The Savior at the Door." Miss Bettie Royston on "How to Secure new Members," and Miss Carrie Arnold, "How to Win and Hold Young People." The round table will be put in charge of Elder F. M. Tinder and other short addresses on "Truth, Its Place in Our Conquest for Christ"—H. M. Stansifer. "C. E. A. Missionary Power"—J. L. Yandell and "A Great Opportunity"—W. L. Williams, are included on the program. Music will be an attractive feature of the exercises and Miss Lillian Leavell, of Bryantsville, will render two vocal solos. A noon-day luncheon will be served in the lecture room of the church.

**Special Announcement Regarding the National Pure Food and Drug Law.** We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. G. L. Penny.

"Papa" was becoming impatient at the lateness of the hour when he remarked: "I can't see why that young fellow who is calling on Minnie hasn't sense enough to go home. It's near midnight."

**Disturbed The Congregation.** The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. G. L. Penny.

This contention was not sustained by the court.

Night riders have become active in Bath and several other counties in the Bluegrass belt. The destruction of property to the value of \$25,000 in Bath county has caused unusual vigilance among citizens in that and adjoining counties. The American Tobacco Company has ceased buying at Mt. Sterling and has closed its warehouses at that place.

The Board of Curators of the Kentucky University, of Lexington, adopted resolutions recommending that the name of the Kentucky Agricultural and Mechanical College be changed to "State University, Lexington, Ky."

Postmaster General Meyer has issued an order that all contractors for mail upon Star, screen wagon, messenger or special service routes shall not transport intoxicating liquor from one point to another while in the performance of mail service. A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lunghealing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always, demand Dr. Shoop's Bough Cure. Penny's Drug Store.

Mr. Watterson has gone to Florida, but his spirit goes marching on in the Courier-Journal office. His orders to "Give Beckham hell and beat him or bust" are being obeyed, but it is labor lost. Gov. Beckham will be elected by the voters of the unscrupulous, untried and true Democrats, who believe in party regularity and who scorn the Courier-Journal's advice to go back on a nominee. The Courier-Journal has thrown what little Democracy it had to the winds and has no right or claim to advise Democrats, who regarding its dubious course despise and repudiate it.—Frankfort State Journal.

**It Does The Business.** Mr. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25¢ at Penny's Drug Store.

Forty thousand pounds of turkey were provided for the celebration of Christmas on the Atlantic fleet, which is on its way to the Pacific.

I am requested to ask through these columns by several signers, what disposition was made by the fiscal court regarding the numerous signed petition headed by A. B. McKinney, asking a small appropriation with which to put gravel on a few places on the pike?

W. C. Wolford has accepted a position with the Indian Refining Co., and will make headquarters at Danville, from which place he will canvass with oil wagons the counties of Boyle, Garrard and Lincoln. He says his prices and goods are better than the Standard's. So mote it be. Give him a trial.

The splendid tobacco crop raised in this section the past season is being quietly sold at satisfactory prices. Josiah Bishop sold the crop from three acres, 6,955 pounds, to Peavyhouse & Jewett at 10c, or about \$232 per acre. W. G. Cowan sold half of his 20-acre crop at Lexington at \$10.75. ## FROM THE ANTILLES.

Chamberlain's Cough Remedy Benefits a City Councilman at Kingston, Jamaica.

Mr. W. O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West Indies, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble and I think I should have been more quickly relieved if I had continued the remedy. That it was beneficial and quick in relieving me there is no doubt and it is my intention to obtain another bottle." For sale by all druggists.

Stories of Caleb Powers' immense wealth were renewed during his late trial. It is alleged that since he was arrested on March 1, 1900, more than a half million dollars has been gathered for him by persons living in all parts of the United States. It is said that there is scarcely a Federal officer in the country who has not made a contribution to this fund. The claim is also made that Powers has invested in the name of a relative something like \$200,000 in mountain timber and mineral lands.—Somerset Journal.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute" says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. Penny's Drug Store.

The big suit filed by O. H. Waddle and W. C. Roberts, as stockholders in the Somerset Water, Light & Traction Company, against Dr. W. G. Hunter to oust him as manager and place the company in the hands of a receiver was settled out of court just before it was to be called up by Judge Jarvis for a preliminary hearing. The settlement was reached by Dr. Hunter purchasing all the stock of the plaintiffs, which amounted to nearly \$11,000.

**It Does The Business.** Mr. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25¢ at Penny's Drug Store.

The expenses of the rural delivery for the current years are estimated at \$3,793,218.

### Democratic Ticket.

For United States Senator, J. C. W. BECKHAM.

RICH people loosened up considerably last year in the interest of benevolence. The Chicago Tribune, which is a great authority on social statistics, makes the aggregate close to \$150,000,000. Rockefeller, Mrs. Sage and Carnegie are given in that order as the three largest donors, and it would take a financial earthquake to give them personal knowledge of hard times. In round numbers the gifts to education were \$70,000,000; to religion, over \$9,000,000; to museums, art galleries and public improvements, over \$17,000,000, and to libraries, under \$3,000,000. But these items only aggregate \$100,000,000.

STATE TREASURER BOSWORTH turned over to his successor Monday \$1,180,055.72, which included \$167,528.94 due city schools which has not been paid till January. Deducting that amount there is still \$1,012,526.78 of good hard money for the Republicans to spend, there being at present no other claims whatever chargeable to it. Pretty good for a democratic administration which found a depleted treasury when the republicans turned the offices over. And besides this they have built and paid for a capitol which cost considerably over a million.

"NOT on a basis of law, but on a basis of mercy, I urge that Caleb Powers be pardoned by the governor of Kentucky." These were the words of Dr. E. L. Powell, of Louisville, the worst notoriety seeker in the pulpit of Kentucky, in a sermon last Sunday. Dr. Powell "butts in" every thing that comes along and it is not surprising to those who know him that he seeks the limelight in the Powers case. His attention now will no doubt be turned to the Thaw case.

IN giving Chief Justice O'Rear a clear field to succeed himself the Republicans act wisely. Judge O'Rear has made a reputation for fairness and ability which is a most enviable one and it speaks well for his party when it honors such a man. The State is to be congratulated that so soon a judge will be retained on the bench of its highest court.

THE country press sympathizes with Mr. R. W. Brown, managing editor of the Louisville Times, who was compelled to undergo an operation for appendicitis. It is good news to the press boys, however, that he is doing just as well as could be expected. May he soon be at his post of duty, hearty and happy.

THERE were 15 more births than deaths in the city of Frankfort during the year 1907, according to reports made by all the physicians of the city to City Health Officer J. Lampton. Bully, Frankfort is growing slowly but surely.

THE State Journal, which is in position to know, says that every democratic Senator and Representative will vote for Nominee Beckham and that he will of course be elected on the first ballot Tuesday. So mote it be.

THE House at Frankfort did the right thing by making the State Journal the official paper of that body. The Senate was to have followed suit yesterday.

### POLITICAL.

Gov. Wilson will appoint Charles Yungblut, former County Attorney, to succeed the late Judge Albert S. Berry.

Representative Willett, of New York, in a speech on the financial situation, delivered in the House indulged in some severe criticisms of President Roosevelt.

A bill has been presented to the Legislature, limiting the liabilities of innkeepers to \$100, and providing for the sale of baggage after being unclaimed for 60 days.

President Roosevelt sent a message to Congress urging that the 4,000 or more additional employees needed for the next census be appointed only after competitive examination under Civil Service rules.

The first bill introduced in the Kentucky Legislature was for the repeal of the dog tax law.

Gov. Wilson's message was read to the General Assembly Wednesday and was generally approved by its members.

Stokes Jackson, Tom Taggart's candidate for chairman of the Indiana Democratic ticket, was elected on the 41st Ballot.

At the joint caucus of the Democratic members of the General Assembly Finley E. Fogg, of Morgan county, was nominated for Prison Commissioner, defeating his two opponents. Frank Kavanaugh was nominated for librarian, and will make Miss Sarah Mahan his assistant.

W. J. Gooch, of Simpson, was elected speaker of the House at Frankfort, E. W. Lillard, of Boyle, withdrawing from the contest. Conn Linn, of Calloway, was elected president of the Senate. Everything so far has worked like it was well greased. Great harmony prevails among the democrats, who are thorough masters of the situation.

Chagrined at the fact that Kentucky is the 49th State among all of the States, territories and possessions of the Union in the scale of education, a committee of the Trustees of the Kentucky State College and Normal Schools has presented a petition to the Legislature requesting liberal appropriations at this session of the General Assembly.

The Republican Committee for the Seventh Appellate District will meet Wednesday at Winchester to issue a call for a convention. Judge E. C. O'Rear will be renominated without opposition. Judge H. C. Faulkner, who has been mentioned as a candidate, has written to Chairman R. H. Winn declaring that he would not be a candidate and announcing himself for Judge O'Rear.

THE State Journal, which is in position to know, says that every democratic Senator and Representative will vote for Nominee Beckham and that he will of course be elected on the first ballot Tuesday. So mote it be.

THE House at Frankfort did the right thing by making the State Journal the official paper of that body. The Senate was to have followed suit yesterday.

Lincoln county fared splendidly in the make-up of the officers at Frankfort Monday night. Mr. J. M. Alverson, of this office, was unanimously chosen assistant clerk of the Senate and Mr. A. C. Dunn, of the East End, distanced his competitors for doorkeeper of the House so badly that they withdrew from the race before the home-stretch was reached. Good selections, both of them.

THE water works company have received the analysis of the water and no typhoid germs were found. It was found, however, that one pool was somewhat contaminated by surface water, and water users are for the present advised to boil such water as is used for drinking. All possible steps are being taken to put and keep the water supply in the very best condition. Stanford Water, Light & Ice Co.

I AM agent for a city florist and can supply the public with cut flowers for weddings, funerals, etc. J. C. McClary.

WE wish to sell privately our stock of goods at Turnersville or will sell the goods, store and 8½ acres of land if purchaser prefers. The location is the best in the county, being in a good section and at the forks of the McKinney and Hustonville pikes. For further information see J. F. Cash, Stanford, or J. R. Harris at Turnersville.

THE agony will end to-night when the city council will elect or rather appoint a marshal. The new council was sworn in Monday and at the meeting that night the by-laws were amended so as to hold a meeting this, Friday night, and elect officers. Whether or not this procedure is legal we are not prepared to say but we are informed that the business will be transacted all the same.

About the first act of the new council was to rescind the order made by the old council to cut the fee for collecting taxes from 10 to five per cent. Each of the members voted for this proposition save Councilman J. C. McClary. The old council would have reduced the per cent. when the raise was made from 40 to 70c on the \$100, but the charter stipulates that no change can be made in the salary of an officer during his incumbency and Chief of Police Jones had been elected for two years a year previous. Mr. Jones made between \$1,000 and \$1,200 out of the office last year and to fill the position of marshal satisfactorily it is well worth it. But the question is, can the town afford to pay that much? The city of Stanford is already nearly \$1,000 in debt and unless some saving is made we fear it will get deeper. Improvements are contemplated, but from what source is the money to come? The question will simply resolve itself into increasing the taxes to 75 cents on the \$100 and if that won't run things, impose a tax on the various business enterprises. So it will be seen that the chances for heavier taxation are very favorable. There is splendid material in the new council and we hope and expect good work from the gentlemen composing it. Our only fear is that they will let their zeal get away with their judgment in their effort to do things. There are still three candidates for marshal with votes pledged to each and it is hard to tell whether the next chief of police of Stanford will be J. T. Embry, B. D. Carter or A. C. Alford. "You pays your money and takes your choice."

MATRIMONIAL.

The Corbin Times tells us of the marriage, on New Year's day, of Miss Maud Davis, of Williamsburg, to Mr. Jasper J. Bryant, of Corbin.

R. H. Metcalf, the clever cashier of the McKinney Deposit Bank, and Miss Lizzie G. Beck, the pretty daughter of Mr. J. L. Beck, also of the McKinney section, were married in Lexington yesterday. Mr. Metcalf came to McKinney from Paint Lick a year or more ago and has made many friends in his adopted home. He has also made an enviable record as cashier of the above institution. Miss Beck is a handsome blonde and is exceedingly popular. The two have been sweethearts since their first meeting and the marriage is the culmination of a courtship which ran smoothly from the start. The INTERIOR JOURNAL joins their many friends in wishing Mr. and Mrs. Metcalf all the happiness that can come their way.

## What to do in Dyspepsia

Dieting has become a great fad in America, and just as, years ago, we, as a nation, over-ate, so now we are under-eating. The one is as bad as the other. Men need food and plenty of it to sustain life and to give strength to compete in this busy world.

It is not, however, the fact that you may eat too much that hurts you, but that you don't digest what you eat. And if that results in dyspepsia you will not eat the trouble will be to get food again.

If your digestive organs were creating the proper amount of gastric and peptic juices you would have no dyspepsia. To cure the disease you must create an abundance of these necessary juices.

This can only be done by a reliable tonic and, as its name indicates, Dr. Caldwell's Syrup Pepian contains the very ingredients needed to do this. Take it regularly for awhile according to the explicit directions on each bottle. If you will see your doctor for advice, he will prescribe the proper amount of Dr. Caldwell's Syrup Pepian. You will promptly begin to use it and not only cure your dyspepsia but increase your weight 40 pounds.

Your druggist will sell you a bottle at 50¢ or \$1 and you will find it worth a hundred times that to you.

These wishing to try Dr. Caldwell's Syrup Pepian before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is open to all those who have faith in it. Send it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT, "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPIAN." The Frankfort State Journal is still talking about big corn but it hasn't told of any that comes up to S. K. Dudderar's seven ears that weigh 111 pounds. A. L. Glass brought to the State Journal office seven ears that weighed 10½ pounds. It takes Lincoln county soil to grow corn.

The Board of National Directors of the American Society of Equity, in session at Indianapolis, offers through its president, C. M. Barnett, of Hartford, a reward of \$100 for anyone who furnishes sufficient evidence against any member in good standing who has taken part in the recent raids of the night riders in Kentucky.

By the car load tobacco from the disturbed districts is being smuggled into the Louisville warehouses. It is impossible for the farmers to insure this, their only convertible product, and they prefer to have it safely under lock in the metropolis. "At last," he sighed, "we're alone. I've been hoping for this chance—"

"Yes, and I want to say 'No' and get it over with."

## How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels.
